**EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES**

Ulm, 31 september 2009

Dear Sir,

As you are informed by an IFMAR letter that was send out with this package, IFMAR has made the decision, to cancel the 1/12 -1/10 World Championship in South Africa next year. According to the IFMAR rules, EFRA was asked to organise these World Championships. In the interest of our European drives, EFRA has accepted this.

But this have been done in the confidence to our big European organisers. EFRA is absolutely sure, that we can have organiser for these World Championships!

Now it is up to you!

**EFRA needs applications for these World Championships 2010!**

According to the IFMAR rules, 1/12 can be raced indoors on carpet, or outdoors on asphalt. (European drivers will prefer carpet!)

1/10 Touring cars must be run outdoors on asphalt. But, the two venues for these events should be nearby another. Therefore an application must be made for all two classes!

As usual in EFRA, the applications will be voted on at the next AGM. So please make sure, that you bring very well prepared information of the organizer/venue to the AGM. Further on, inform EFRA with your application before the 21st of October.

Best Regards,

Heiner Martin.
