NEWSLETTER 2005/1

In this newsletter you will find some relevant information regarding the 2006 IFMAR IC World Championships.

The **2006 IFMAR 1:8 IC Off-Road World Championships** will be organised in Indonesia.

The organiser is the JA-Team under responsibility of the Host Country Organisation ARMI and the track is The ANCOL Track in Jakarta.

This track is located in the Northern part of Jakarta inside a theme park called TAMAN IMPIAN JAYA ANCOL. It is a closed complex offering some similar attractions like Disney Land.

Inside the complex are 2 International Hotels, the Raddin Hotel Ancol and Mercure Convention Center.

From those hotels it is only 5 minutes to the track.

The park itself is located about 30 minutes from the International Airport. A pick-up service will be available to bring people to and from the Airport.

Since traffic is very hectic the organiser does not suggest you to rent a car and drive yourself.

The World Championship itself is scheduled from August 28 till September 3rd.

From March 2-5th an IFMAR Pre-Worlds Championship race will be organised. Depending on the number of drivers these dates may vary slightly. This race will be run according to IFMAR rules.

There will be a website available for information and on the website you will have the possibility to make your inscriptions for the Pre-Worlds. The website is: www.jateam.com

There will be different kinds of fuel available in Jakarta.

Please contact me, Mr. Stanley Wangsanegara, stanley@jateam.com, for the following fuel needs,

- o JP Racing Fuel 25%
- o White Lightning Fuel 30%
- o O'donnel Racing Fuel 25% & 30%

Please contact, Mr. Budiman Terianto, boedz08@indosat.net.id, for the following fuel needs,

- o Tornado Racing Fuel 16% & 25%

Please contact, Mr. Andri Hartanto, sacker_indonesia@yahoo.com, for following fuel needs,

- o Blue Thunder Fuel 25%
- o Hot Stuff Racing Fuel 25% & 30%

Please contact, Mr. Choupin Yusuf, extreme@diffy.com, for following fuel needs,

- o Trinity Monster & Platinum Fuel 25% & 30%
- o Byron Race 2500 & 3000 25% & 30%

Please contact, Mr. Erwin Lewi, cisrc@bdg.centrin.net.id, for the following fuel needs,

INTERNATIONAL FEDERATION OF MODEL AUTO RACING

We are suggesting to all the participants that want to send their goods to Indonesia to arrange their goods' to reach at the stated address in Singapore at least 14 days prior the event date.
(Pre-WC March 2nd, 2006 & WC August 28th, 2006).

Please do not forget that most countries will need a visa to enter Indonesia. Check with the local embassy in your country what you need.

200mm IFMAR IC Track World Championship, Brisbane.

The World Championship will be held from September 9th to September 17th 2006 with the Pre World Championships being held from February 21st to February 26th 2006.

The organiser is Queensland Radio Circuit Car Racing Association Inc.

21 Luckins Street
Aspley Queensland 4034
Australia
Tel: 61 7 3263 3703
Fax: 61 7 3263 1265
E-mail secretary@200mmifmarworlds.com

Your correspondence need not be directed to any specific person, e-mail is the preferred form of communication.

Located in [Pine Rivers Shire](#) England Park Raceway is in Brendale, an industrial suburb about 30 minutes to the north of the centre of Brisbane, and about 35 minutes from the Brisbane airport. The street address is corner of Leitch's Rd and Strathwyn St., Brendale, Qld, Australia.

The track has been built on a council park with the land kindly donated by the council. This facility was funded and built by the members of the Queensland Radio Circuit Car Racing Association along with the generous support of the council and local business. The track features a rolling length of 285 metres and a track width of 4.5 metres. It has a reputation of being a high speed track and although speed and power are important, many have underestimated its tight infield and high speed sweeper. It will be re-surfaced in time for the pre worlds with fine hot mix bitumen using a special additive to minimise cracking.

The drivers' rostrum is over 3 meters high with an unobstructed view of the entire track area and will have been extensively upgraded in time for the pre worlds. Race Control, referees, radio impound, and scrutineering are all housed in this structure and it can easily accommodate the required number of drivers and officials.

The facilities also include;

- § Race commentary with P.A. system for drivers and public
- § Numerous monitors located around the facility displaying the race progress
- § Covered pit benches for more than 90 competitors
- § 240 volt power
- § Pit area lighting and track night lighting
- § Refreshments available from our own canteen
- § Public toilets
- § Unlimited free parking

The organising committee has designated The Clear Mountain Hotel the "Host" hotel which has all the amenities and comforts everyone will need during the event. The host hotel will be responsible for **all** accommodation bookings regardless of location. The host hotel has contracted special rates with other smaller motels. To take advantage of these rates competitors should contact the host hotel for all their accommodation needs

Entrants will receive confirmation of entry after receipt of payment.

Clear Mountain Hotel
