Re: Electric Motors

Dear all ,

As agreed at the general meeting in Rome and in relation to the upcoming World Championships were these are admitted, brushless motors are allowed as from the first of August in all EFRA electric off-road competitions. As a consequence the number of motorwindings for brushed motors are no longer subjected to limitations

For further reference see the EFRA handbook 2005, appendix 4 page 125 e)

As for use in national competition you should refer to your national organisations.

Yours in the sport

Frank Mostrey
