Dear Sportfriend,

Enclosed the list with entries for the EC-B in France. At the moment the race is completely full with 140 entries and still a few people on the waiting list. So if you know that one of your drivers is not coming, please contact me so that we can re-allocate that place.

Also on the list you will find a few names in green, here we still are missing the frequencies, so please send those missing frequencies in a.s.a.p.

Information about the race in Aulnay can be find on the following website:

As regards the entries for the EC-A in Sweden, please send them in on time. This year it took too much time before I got all the entries for the EC-B. Specially if countries are asking for more than the allocated numbers we need to know who is coming.

As already indicated in one of the previous newsletters this year, warn your drivers to take care of the bodies. Unfortunately there are a few bodies on the market which are a little bit too wide over the wingpart. If you have such a body do not take it with you to France, since it will not be allowed.

See the drawing below;

Regards and have a good travel to France,

Sander de Graaf
