EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES

Zwijndrecht, 28 February 2007,

Dear sport friends,

This letter is for the clarification of the new engine rule.

Within EFRA, this new rule will be applied from the 1st of January 2007.
The complete section meeting agreed this at the latest AGM.

This isn't a new technical rule, where we need 12 months before he is effective. (This rule would be applied if for example we would say that everybody has to drive a 1cc motor).

All manufacturers already had these crankshafts, the new rule is lead down from the IFMAR rules.
The manufacturers where the asking party for a uniform rule worldwide.

If driven with engines in conformity with the old rule, is not illegal.

In the future, please contact me with questions regarding 1/10th IC Track instead of our president Dallas, who has passed it on to me anyway.

P.S.: Dallas (EFRA President) and Sander De Graaf (Vice Section Chairman) have been contacted and agree with the contents of this letter.

Kind Regards,

Franky Noens
EFRA Chairman 1/10th IC Track
