EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES

Carlos Gomez, C/ Lezeaga, 8 - 6º D, 48002 BILBAO, Spain

Bilbao, Monday, 16 September 2007

Dear EFRA Members and racers

IFMAR has started display an intense activity with the arrival of the IFMAR World Championship events and the forthcoming IFMAR AGM to be held at Cordoba (Argentina) in the second week of October.

Right now the electric events have finished, this year it was the turn for Electric off road and the even has been held at Japan at Ishikawa prefecture, more precisely at Hakusan Ichihiro; the EFRA european team has been there fighting for the 2 titles with a good performace, anyhow we havent succeed and the titles have gone to Japanese driver Hayato Matsuzaki-San in 2wd and to Mr. Jared Tebo from USA at 4wd.

In regards of the electric scene we have not received yet an update of the electric meeting held there, but we do know that the positon for Electric Section Chairman at IFMAR will become vacant at October, so that applications for that position can be considered inside EFRA to be presented towards IFMAR.

Next event in turn will be the Large Scale IFMAR Worlds to be held at Brisbane in the last 10 days of the month of September, website is <http://www.5thscaleworlds.com/>

Last will be the 1/8 IC Track event to be held at Cordoba (Argentina) from 4 to 15 October 2007, web site of the event is <http://www.argentina2007wc.com.ar/>

Inside it there is a new important document, the official Declaration of the event as Prime Importance for the Region, that will help every participant on the event while customs tramits.

Keep in mind that is highly recommended to have Cordoba Airport as your arrival port to Argentina, so that to fly via Santiago de Chile is advisable.

The IFMAR official meetings will be held at that venue, EFRA has made an important job on promoting new uniform rules and we have put forward more than 70 proposals, hopefully many of those will succeed and we will have better world rules.

I will keep you updated of the Ifmar progress at the EFRA AGM.

I am at your disposal for whatever clarifcation or additional informaton you may need.

With my best regards

Carlos Gomez
