To EFRA

We are pleased to inform you that the 1/8th scale buggy European Championship and Warm Up / GP race will be held as scheduled at the IMC track in Iraklion Crete on the designated dates. The reason for the investigation was to ensure avoiding any interruption of the event due to noise restrictions.

Our federation and the hosting club are looking forward to seeing you at the two upcoming big races in our country!

Sincerely yours,

John Doucakis

To all Section contacts

Bilbao, 21 January 2008

Hello all:

I have just received an EL-ME letter related to the Greek events at our Section.

Following deep investigations in regards of possible noise restrictions that may lead to an undesired interruption and/or cancellation of the event, **I am pleased to inform** everyone, much before the time limit I have imposed, **that the events**, the EFRA GP and the European Championship A, **will be held at the designated venue** Heraklion on the track of the IMR Club on the designates dates.

This are good news, and I would like **to thanks gratefully** the Greek Federation EL-ME and the local club IMC for the efforts done in order to avoid such problematic scenario that had lead already to a change of venue at other racing class.

All concerns and preventions have disappeared, **the recommendation to hold reservations is no longer valid** and we are ready to celebrate those 2 big events of the EFRA Calendar for the 2008 Season.

I am certain that the main objective for the local club IMC and the Greek Federation EL-ME will be to ensure everyone a satisfactory meeting, out of each race only one can win, but for sure the aim of those is that you enjoy your racing time in Greece.

With my best regards

Carlos Gomez
