Who can drive EC-B 1/8<sup>th</sup> scale in Cassino 2009.

As you know there are some exceptions to compete into the EC-B for 1/8<sup>th</sup> scale class. The rules in the 1/8<sup>th</sup> section specify that the race is open for 1/8<sup>th</sup> and 1/10<sup>th</sup> B-drivers. However there are some extra exceptions to make the final list with drivers who are not allowed.

Finalists from last years EC's in the other classes are also not accepted, so as the winners from the last 3 years in EC-B 1/8<sup>th</sup> and the finalists from EC-B 1/8<sup>th</sup> and 1/10<sup>th</sup> from last year.

All together it is a list with 119 drivers that are not allowed to compete in the race in Cassino next year.

For the WC in Lostallo a lot of countries will not get the places they would like to get, simply because the 150 places need to be allocated to 4 blocs. So EFRA will start with only 42 places which are definite. The remaining

places will be known somewhere in April after we have received the numbers from the other blocs. How many EFRA will get in total is difficult to say. I guess it will be somewhere between 70 and 80. However I cannot guarantee this at the moment.

For those of you that need to make reservations for holidays it can be difficult, so I advice some of you to change your mind and look for a place in the EC-B. The track in Cassino is a magnificent piece of work in a region with a high sight-seeing level. The organizer from the race, Mr. Gianluca Decina showed us some impressive pictures during the AGM in France and all your representatives who were at the meeting received a nice package with material and photo's showing the big potential of this track. It shows again that model car racing is one of Italy's best selling export articles.

You still have the change to change the number of allocations for the EC till December 1<sup>st</sup>, so if you want to change your mind do it for this date and ask your association for an allocation for the EC-B.

The venue is "The Lamberto Collari Track", halfway between Rome and Naples. 150 Covered pit tables, WIFI, large scoreboard from 3m x 3m. High speed measurement, monitors all around the track. Big restaurant with professional kitchen. Check it out yourself at: [www.euro2009cassino.com](http://www.euro2009cassino.com) or [www.pistarme.com](http://www.pistarme.com)

Looking at the promotion already done until now by the organizer this will be a very well prepared and organized event with live TV coverage and a lot of promotional activities.

Regards,

Sander de Graaf

EFRA 1:8 Track Section Chairman.
