INTERNATIONAL FEDERATION OF MODEL AUTO RACING

Norrköping Sunday, 23 August 2009

CONTROLLED TIRES AND INSERTS FOR 2007 IFMAR 1/10TH ELECTRIC OFF-ROAD WORLD CHAMPIONSHIPS

The selected combinations below has been elected as the controlled tires and insert for the 2009 IFMAR Electric Off Road World Championship to be held October 4th to 11th at Trap Racing venue, Pretoria, South Africa.

Due to the fact that IFMAR received tire recommendation on a very late stage and the limit of time have it not been possible to follow the normal procedure regards the election of tires as per IFMAR rule 4.2.11 states

2WD Rear

Class	Type	Description	Insert	Manufacturer
2WD	Rear Tire	Hole Shot M3	Standard	Proline

4WD Front

Class	Type	Description	Insert	Manufacturer
4WD	Front Tire	Inside Job M3	Standard	Proline

4WD Rear

Class	Type	Description	Insert	Manufacturer
4WD	Rear Tire	Inside Job M3	Standard	Proline

On behalf of IFMAR
