Re: EFRA News Page

During the last month, Hans-Ludwig Walther and myself have developed the EFRA News page. We have tried to make it's use more easy, but to bring in more useful information's. As you may understand, EFRA is quite a big organisation, if you see it from the point of the member countries. But in reality the people running the everyday business are only 11. So without your help, contribution's and information's, it is not very easy to succeed in being a good help for our active drivers and the RC interested community.

You now can also find a **GALLERY** on the EFRA News page. There we will post pictures of RC cars in all scales. We also will post there pictures of EFRA events, like opening ceremonies, venues, pictures of the top three in EC's, WC's and more. But for that part we need your contribution's too.

So if you visit EFRA events, do not hesitate to send us some of your pictures.

During the next two month, EFRA is facing a very difficult task, by being involved in the three IFMAR WC's in Collegno, Lostallo and Messina. I know, that all the event organisers have made very good websites to cover these events in the WWW. We have already posted these links on the News page, but will re-new these links shortly before the start of the three WC's.

I hope, you will visit one of them and see RC car action live on an extremely high level. In Collegno and Lostallo I will be present , so a good possibility to talk to you and receive your comments.

With best regards

Wolfgang
