

BULLETIN

Sunday, 21 December 2003

Dear EFRA-Licensed Drivers,
dear Readers,

after the two IFMAR IC Track events this year it was quite clear, that in 2005 FAMAR would have the turn, to organise the 1/8th IC Circuit and the 1/5th Touring Car Worlds. IFMAR has given the block up to February to present the necessary information's.

Now IFMAR has informed EFRA, that the invitation to host these two IFMAR events was given back by FAMAR to IFMAR. So now EFRA was invited to host these World Championships. As we have already made decisions about alternative venues for 2005, EFRA has accepted the invitation. So we have to face the problem, that EFRA has now three IFMAR events in 2005, including the IFMAR AGM. Also we have very good organisers, this will be a big challenge for EFRA and it's officials.

The Italian dates for Collegno, August 13th to 20th, electric off road events, are yet to be confirmed and depending on IFMAR calendar those ones may be even considered not suitable so alternative dates may be needed.

Same is with the 1/5th scale Touring Car Worlds, proposed to be held August, 21st to 27th in Lostallo, Switzerland. (www.mrtm.com) Here we also have to wait for IFMAR's confirmation. The 1/8th IC track WC is planned as an event inside Downtown Vienna. Still some points have to be clarified, but I think, our friends from Austria will now try everything to make it happen.

I wish you all a peaceful Christmas time and a good start into 2004.

Yours
Wolfgang Petermann
