

**EFRA GRAN PRIX
SPAIN 2009
1/6 SCALE OFF ROAD**

**Club SegriàRc Track, Alcarràs (Lleida)
On april 3rd, 4th and 5th 2009**

WHO WE ARE

Segrià RC Sports Club was created in 2007. It is a non-profit-making leisure sports association, which does not renounce participation in regional, national or international competitions, as some of the members have reached a competitive level that makes this possible.

Segrià RC Club focuses its activities on the two main categories of petrol off-road model cars: the 1/8th off-road, the smallest but most dynamic modality, and the 1/6th, the largest of the off-road modalities, which is more spectacular thanks to the size of the models and the behaviour of the vehicles, which is more authentic.

The objective of the Club is to study, develop and promote knowledge, techniques and sporting activities related to these disciplines. To manage to promote forums, courses and exhibitions for the pleasure of the public; to collaborate with public and cultural associations, residents' associations, schools and other associations with activities related to the Club; to disseminate information among members and keep in contact with other Spanish and foreign clubs and associations to set up collaborations in matters of radio control.

Address of the track:

Carretera de Valmanya, lateral A2

Next to the new Alcarràs youth hostel

GPS: 0° 30' 15.732'' – 41° 34' 4,0074''

OUR FACILITIES

The track is in Alcarràs, 10 minutes from the city of Lleida, the capital of the province. It has two excellent accesses, as it is next to the A2 dual carriageway, the province's main communication route and 10 minutes from the AP2 toll motorway. It is also 20 minutes from the future Alguaire International Airport.

The facilities cover a surface area of 7,500 square metres, of which 2,700 metres are the track and the rest are for the parking area, the bar, the picnic area and the paddock, which is large enough to house 150 drivers.

We have 11 bungalows near the installations to accommodate drivers, which will hold up to 88 people. Outside the site, we have a large area that can be used as a car park for caravans and motorhomes.

HOW TO GET TO THE CIRCUIT

- From Zaragoza or Barcelona, on the A2 dual carriageway:

Take exit 451 (L-800 Alcarràs – Gimènells) and head towards Alcarràs. Warning! Watch out as soon as you come off the roundabout (two of them if you are coming from Barcelona as you have to go under the A2), as the turning off to the right that will take you to the circuit is only 10 metres on. After turning into this road, the way to the track is clearly signposted. It is 2 kilometres from the roundabout.

- From Zaragoza or Barcelona, coming from the AP2 toll motorway:

Take exit 5 (Alcarràs – Soses), go onto the A2 dual carriageway heading towards Lleida, take exit 451 (L-800 Alcarràs – Gimènells) and follow the instructions given above from the same point.

For those coming on the A2 from Zaragoza or from exit 5 of the AP2, when you get to the signpost that informs you that exit 451 is in 1,000 metres, you will see the track to your right. To see a detailed plan of the route, look for "Circuito del Club Segrià RC" in [Google maps](#) or click [here](#).

SPAIN EFRA GRAND PRIX 2009 1/6TH SCALE OFF ROAD

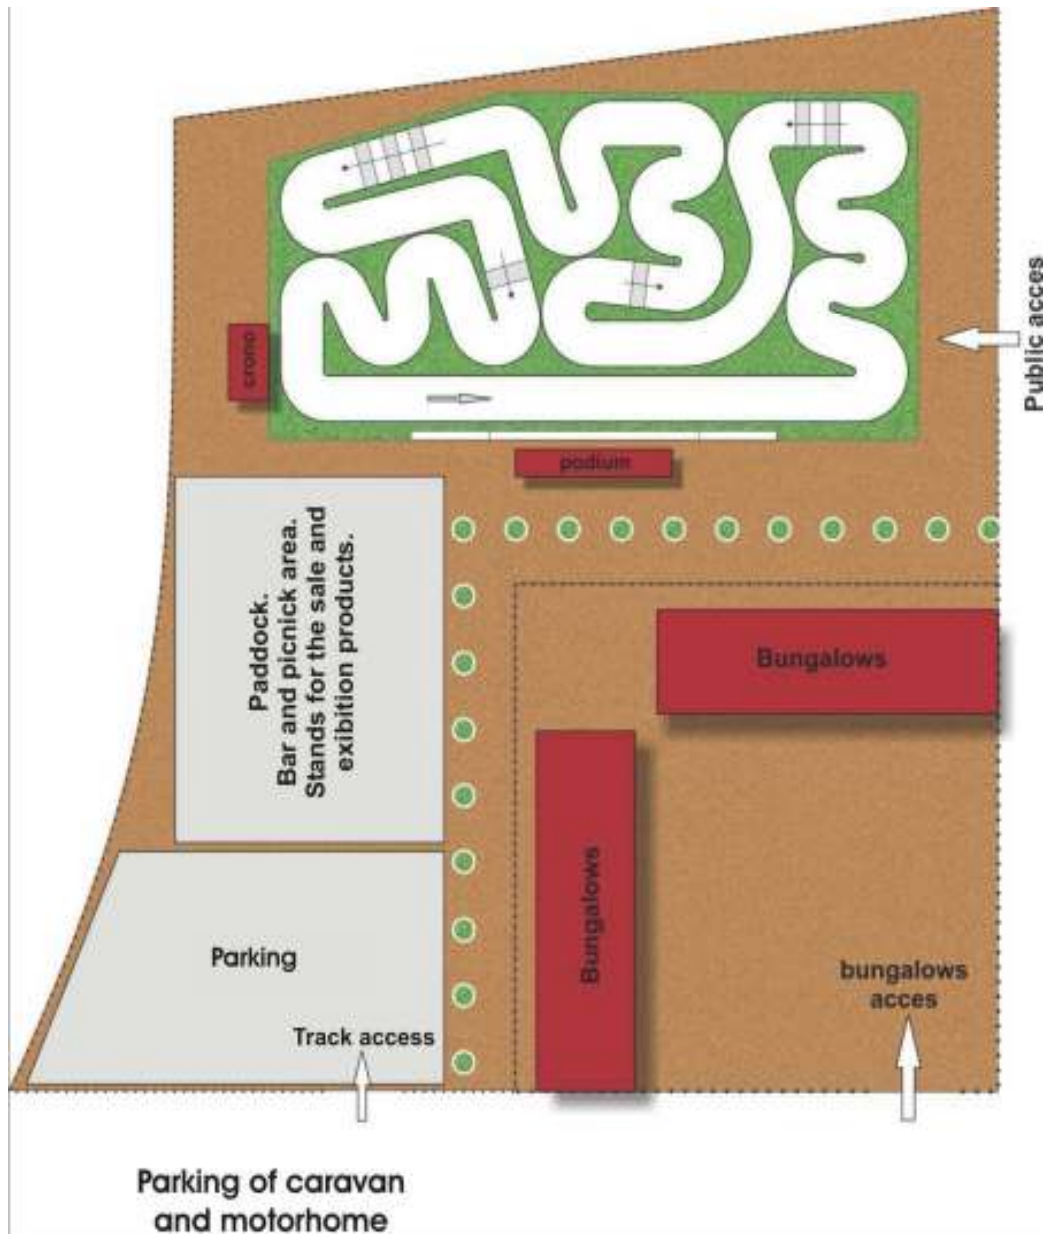

CHARACTERISTICS OF THE CIRCUIT

- Length: 314 metres of track.
- Width: 5 metres continuously throughout the route.
- Straights: 62 metres.

ACCOMMODATION IN THE TRACK

We have eleven chalets which hold 8 people each. Each chalet has two rooms with 4 beds in each room, a bathroom in each room and a living room with a fully-equipped kitchen. Beds, rooms or a whole bungalow can be booked. Prices per person and per day are the following:

■ One bed:	10 €
■ The whole room:	40 €
■ The whole bungalow:	80 €

To book accommodation, please send a message to segriarc@hotmail.es indicating the kind of booking and the number of people. Bookings will be dealt with in strict order and will be confirmed by e-mail to the interested party. After confirmation, the interested party will have a maximum of 7 days to make the payment, into the same account as given for preliminary registrations. If payment is not received, the booking will be given to the next person on the list.

THE SEGRIÀ REGION AND ALCARRÀS CITY

Alcarràs is in El Segrià region, in which the main activity is stockbreeding and agriculture, in particular, cultivating sweet fruit; it is also renowned for its wine-growing production, its olive oil and industrial activity. Tourism is not very important, although the city of Lleida receives a significant number of visitors thanks to its monumental and cultural heritage.

The province of Lleida is renowned for its winter sports and adventure sports activities, thanks to the ski slopes, the gullies, the routes, the rivers and lakes there are in the Pyrenees.

Alcarràs has a good communications network, which makes it accessible to the main business and tourist capitals. From the AP2 toll motorway, which is 500 metres from the circuit, the distances from other cities are: Lleida, 8 km; Barcelona, 150 km; Madrid, 450 km; France, 270 km; Valencia, 325 km and Tarragona and its beaches, 100 km. You can also catch the AVE, the high-speed train, from Lleida station to the following cities: Madrid, 2 hours; Barcelona and Zaragoza, 45 minutes and Tarragona, 30 minutes. In 2009, Alguaire International Airport, which is just 20 minutes from the circuit, will come into use and will offer flights to the main European cities.
