1. Welcome!

Dear Friends,

It is a great pleasure for us to welcome all off road drivers around Europe to visit Finland and Vaasa.

This guide has been produced for teams, drivers and media, and contains information necessary for the preparations before the event. The guide will answer most of the basic questions that may occur to you during the event. Of course our friendly staff of the race office will help you if you have any questions.

We are putting a lot of effort on attracting new spectators and on gaining more publicity for the sport. By creating an arena with easy access and a number of facilities the drivers will be able to show their skills to a wider audience. We have developed the venue and event itself to a new level and now we are able to give the citizens of Vaasa a great opportunity to experience RC racing. A brand new rostrum and a track with challenging features will be waiting for the drivers and the audience in a few days.

Welcome to Vaasa! I hope you will enjoy your stay in Finland.

On behalf of the organizing committee,

Jussi Luopajarvi

Chairman of the Organizing committee

- Driving direction anti-clockwise
- Jump descriptions:
 1. Big double jump
 2. Medium table
 3. Large table
 4. Small double
 5. Small table

5.2. Race control and rostrum

The race control is located in the rostrum building. Room for 15 drivers with 80 cm of space for each driver will be found upstairs. Beside for the drivers, there is space for two referees and on the other side of the tower for one additional referee. The tower itself is designed for timekeeping and race control.

Downstairs there is a tech control room with enough space for a larger tech crew. Further, it holds a jury meeting room. There are also toilets in the other end of the building.

5.3. Pit area

- Temporary tent on asphalt surface
- Covered pit area approximately 600 m²
- Wireless Internet access (free of charge)
- One square meter of table space for every driver

Teams are allowed to reserve table space from the pit free of charge.

On Sunday the pit is open for the public and the organizer will carry no responsibility for the pit area. From Tuesday morning 07:00 ID cards are mandatory for access to the pit area.

5.1. Race office

The office is located in the main tent. The race office staff will handle all matters related to registration, logistics, accommodation and other things related to the event.

Contact before the event:

5.1. Camping

There is a possibility to camp just beside the track with tents, campervans or caravans. Camping costs 5€ per day including power and water. All necessary facilities are available for extra costs (showers and saunas). Local supermarkets are within 5 minutes drive from the track.

Remember to make your reservation before the event to be sure to get a camping place. We have only a limited number of places.

Contact before and during the event:
Mr. Juha Sohlberg
Logistics
Email: juha.sohlberg@vaasanua.net
Phone: +358 50 334 3416

5.2. Venue regulations

Due to the Finnish legislation, we have a strict policy concerning alcohol use and smoking. Smoking and drinking alcohol is strictly forbidden in the pit area. Smoking areas are marked by signs.

There will be a 50-euro fine, if someone is smoking or drinking alcohol in the pit area.

5.3. Security and Medical care

The race venue will be guarded from Sunday night to Sunday 29th of July. Guards are on duty from 19:00 until 07:00

Fire extinguishers are located in the pit area and in the rostrum. A first aid kit is located in the race office.

6. Arriving at the venue

6.1. Parking

We have reserved plenty of parking spaces for all the competitors. Please see appendix 1 to find the parking area for the competitors. From Monday morning onwards all cars are required to keep the parking permission visible. All competitors can ask for the permission from the race office on arrival.

6.2. Registration

The 2WD registration starts on Sunday at 16:00 and ends 16:00. Registration continues for 2WD on Monday morning at 09:00 and ends 18:00. For 4WD the registration is going from 09:00 to 18:00 on Thursday. Registration is done by national team manager.

Every driver will receive Race Guide 2, timetable, heat lists, frequency information, ID card for driver and one mechanic and papers needed in technical inspection. You will also receive an information package about Vaasa.

Please note, that you are not allowed to access the pit area without ID card after 07:00 Tuesday morning.

6.3. Technical inspection

The technical inspection is located in the first floor of the rostrum. It is marked with signs. For 2WD cars the technical inspection starts 10:00 and ends 18:00 on Monday. For 4WD cars the technical inspection starts 10:00 and ends 18:00 on Thursday.

7. Accommodation

8.4. Culture

Vaasa has a lot of museums and galleries. In the Ostrobothnian Museum history, art and nature are brought together. The objects describing people's life and nature originate from the Ostrobothnian region, the special collections contain art and items both from Finland and abroad.

Besides the Ostrobothnian Museum the art museums are represented by the Tikanoja Art Museum, the collection of which is especially famous for its international section containing works e.g. by Edgar Degas, Paul Gauguin, Henri Matisse and Pablo Picasso. The collection also includes Finnish art from the 19th and 20th centuries. Traditional masters, such as Albert Edelfelt, Axel Gallen-Kallela, Maria Wiik and Tyko Sallinen are included in the collection as well as younger artists.

If you are interested in visiting several Museums please ask for the Art City Passport at the Tourist Office or in any Museum.

8.5. Shopping

Our busy shopping centres, specialist shops, stores, the market square and the indoor market are well known shopping places. Here's a list of some of the shops and markets worth a visit.

8.6. Archipelago

The Kvarken Archipelago (added in 2006 as an extension to the World Heritage site of the High Coast) numbers 5,600 islands and islets and covers a total of 194,400 ha (15% land and 85% sea). It features unusual ridged washboard moraines, "De Greer moraines", formed by the melting of the continental ice sheet, 10,000 to 24,000 years ago. The Archipelago is continuously rising from the sea in a process of rapid glacio-isostatic uplift, whereby the land, previously weighed down under the weight of a glacier, lifts at rates that are among the highest in the world. Besides a unique flora, there is also enough to admire in the fauna every month of the year. There is a strong community of grey seals in the Kvarken waters, and of all the 431 bird species observed in Finland, more than 300 have been seen in this region.

9. PR activities

9.1. Opening ceremony

The opening ceremony will be held in the race venue on Monday night. The ceremony will start at 17:45 and will take around 30 minutes.

9.2. Banquet and prize ceremony

We will arrange the official prize-giving for both classes in the Sky nightclub. It is located in Hotel Vaakuna. Wednesday the ceremony starts at 20:00. Wednesday there will be a banquet at the same time. This means that we will have some snacks for everyone.

Saturday's prize-giving will be in connection with the After Race Party

9.3. Jump contest

After the last 4WD A-final we will arrange a small jump contest. The first twenty drivers who register to the contest will have a chance to fight for the trophy. Who will finish the weekend with a back flip?

10. Transportation

10.1. Air traffic

Blue1/SAS is our official airline for the event. You can fly Blue1 from Vaasa directly to Stockholm and Helsinki. From these hubs your connections could not be better to Europe. They offer a special discount for teams and drivers of this event. Please refer to Appendix 8 for more information.

10.2. Shuttle service

We have organized a shuttle service for teams and drivers for the whole week. The service includes routes 1, 2 and 3. Other routes are included, but have to be agreed upon separately. The price for the service will be 40 euros per person for the whole week and shuttles will be at your service between 06:00 and 21:00.

Airport transportation (route 1) is also possible for 10 euros. This price includes two transfers.

Please Contact Mr. Juha Sohlberg for more information and reservations.

11.5. Daily newsletter

The media team will produce a small newsletter each day. If you are interested in receiving this newsletter by email, please inform Heidi Hautala.

12. Useful Information

12.1. General facts about Finland

Population

5.2 million, giving an average density of only 17.1 per sq. kilometre; annual growth rate 0.18%. Life expectancy 78.2 years. The demographic pyramid resembles that of most other industrial countries, with the middle-aged groups predominating. Average household sizes 2.1 persons. 54% of the population live in single-family houses, 46% in apartment blocks; room area per person 36 sq. metres. 74% are urban-dwellers, with 0.97 million in Helsinki and the adjacent cities of Espoo and Vantaa. Other major cities include Tampere, Turku, Oulu and Lahti.

Area

338,145 sq. kilometres, of which 10% is water. There are more than 60,000 lakes in Finland. 7% of the land is under cultivation, barley and oats being the main crops. Forests (mainly pine and spruce) cover 76% of the country.

Climate

The Finnish climate is considerably milder than one might expect from the country's northerly location. There are major variations in the seasons. During the race, it is late summer and the average weather is predominantly warm. It can be sunny and warm, over 25 degrees Celsius or it can rain and be only about 15 degrees Celsius.

Time zone

The Finnish local time is two hours ahead of Greenwich Mean Time (GMT +2 hours). Daylight saving time is used from the last Sunday of April to the last Sunday of October.

Language

Finnish 93.7% of the population
Swedish 5.7% of the population

English is spoken by almost everybody, German and French by some.

Finnish sauna

In Finland, there are 5.2 million inhabitants and 2 million saunas. Finnish people take to sauna the way a fish takes to water! Sauna is a place for relaxing with friends and family, a place for physical and spiritual refuelling of one's body and mind. You have to experience it to truly savour a superb Finnish tradition. An old Finnish proverb states to the effect that "if sauna, liquor or tar don't help...the disease must be fatal".

12.2. City of Vaasa

- Founded 1606
- Population 57.000
- Website: www.vaasa.fi
- Active student and technology city right by the sea!

Vaasa today represents the educational, cultural and tourist centre of Western

Finland. Vaasa is also a versatile industrial city offering good possibilities of development especially for the international energy industry.

Cosmopolitanism is part of Vaasas everyday life. The inhabitants of the city have had many years of experience in internationalisation through e.g. the businesses in the city.

12.3. Currency and Banking

- The Finnish currency unit is euro (€ or EUR), divided into 100 cents. The denominations in circulation are:
- Notes - 500, 200, 100, 50, 20, 10 and 5 euros
- Coins - 2 and 1 euros; 50, 20, 10 and 5 cents (2 and 1 cent coins not in active use in Finland).
- Foreign currency may be exchanged in banks Monday to Friday at 9.30-16.30. Most banks display exchange rates on their windows.
- Current rates on 13th of July 2006
- 1 € = 1,3776 USD 1 € = 0,6790 GBP

Banks in Vaasa

All these banks have several cash dispensers all over the city. They usually operate on Visa/Eurocard. From the ATMs you can withdraw notes in denominations of 20 and 50 €. The closest cash dispenser to the race venue is in the ABC petrol station (between the airport and the motorway). You can recognise the ATMs by an orange sign "OTTO".

Credit Cards

All major credit cards are widely accepted in hotels, car rental offices, department stores, restaurants, shops and most taxis. Foreign credit cards can be used to withdraw cash from almost all ATMs.

12.1. Medical Services

Medicines are sold at pharmacies (APTEEKKI). Usually pharmacies are open until 17.00 or 18.00. All hospitals have doctors on duty around the clock. In emergencies, patients should be directed to a health care centre or hospital emergency unit. Dental care is mainly provided by private practitioners.

Vaccinations

There are no regulations requiring visitors to Finland to have vaccinations.

12.2. Water

The tap water is safe to drink.

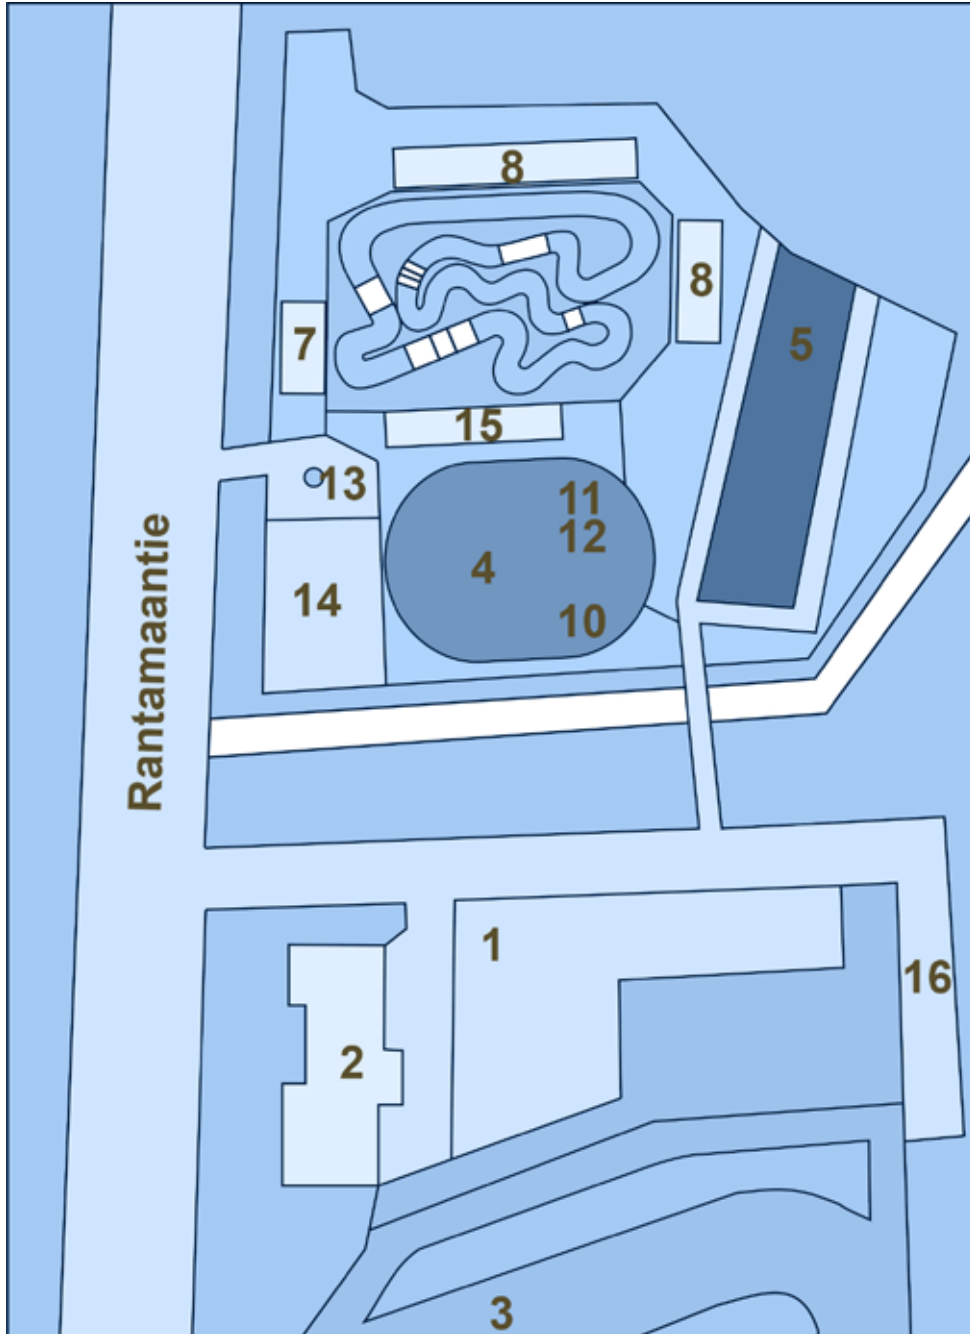

12.3. Electricity

The electric current in Finland is 230 volts and 50 hertz. Plugs and sockets are the same as in the continental countries of the European Union.

12.4. Useful phone numbers
