EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES

Homologation Model Touring Cars 1:5

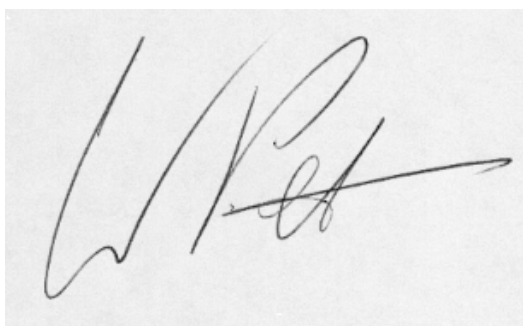

Tolerances (max.): from 01.01.1997	length +/- 5%	width 395mm	DATA SHEET height +/-5%
--	-------------------------	-----------------------	---

Original Car				Model Car Manufacturer			
Peugeot 407 STCC 05				Delta Plastic /Italy			
Dimensions				Dimensions			
wheelbase	length	width	height	wheelbase	length	width	height
2725	4676	1831	1345	min 518	888	366	242
				545	935		255
				572	982		268
Dimensions of checked model-car				535	890	388	230
Overall impression of the model, specially the proportions of windows, mud guards etc.: The car does not show the right proportions of the beautiful original car. For example: Windscreen 157mm Original car 1000mm = 190mm incl. max. - tolerance Back window 134 Original car 650mm = 124mm incl. max. - tolerance Side window front 172 Original car combined 1020 = 194mm Side window rear 125 Original car 740 = 141 The wheel arches are to big, but that might be the later look of the race car when it hits the track the first time							
Homologation: Yes No.				no, reason: see above			

* including 6mm ground clearance
