Maps and Directions map of area showing proximity of airports, roads, etc.

Miami International Airport

Miami International Airport is the closest airport. It is only a 40 minute drive south, about 25 miles/40 kilometers to Homestead RC Raceway. This airport is serviced by many airline carriers from all over the world. All major rental car companies are available from this airport.

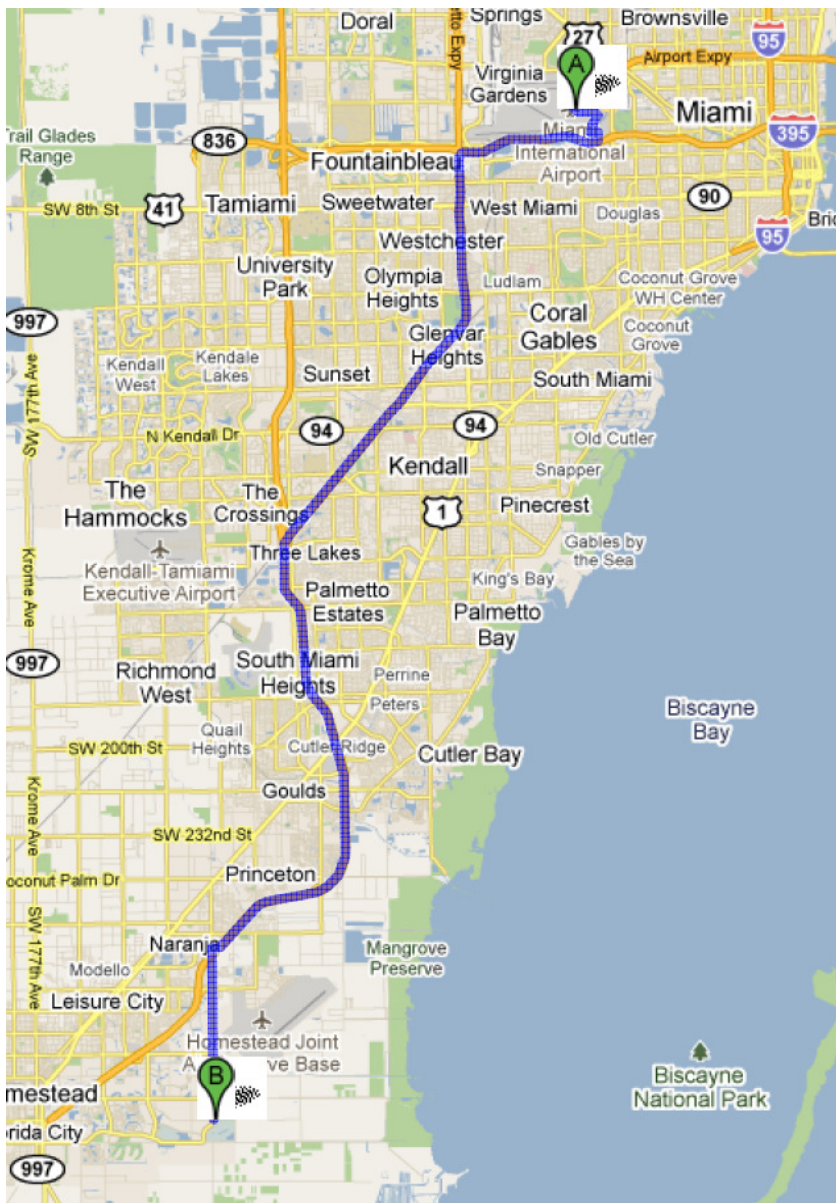

Miami International Airport serves as the primary international airport of the Miami Area. One of the busiest international airports in the world, Miami International Airport caters to over 35 million passengers a year. Identifiable locally, as well as several worldwide authorities, as MIA or KMIA. Miami International is the United States' third largest international port of entry for foreign air passengers and is the seventh largest such gateway in the world. The airport's extensive international route network includes non-stop flights to over seventy international

cities in North and South America, Europe, Asia, and the Middle East.

Directions from Airport and or Florida Turnpike: Leave Miami International Airport, get on the Florida Turnpike headed South (821) to Homestead. Once you are on the Turnpike continue South about 25 to 30 minutes and you will be approaching the Homestead area.

Get off the Turnpike at Exit 6, which is the SW 137 Ave./Speedway Boulevard exit. SW 137 Ave. and Speedway Boulevard are the same road. Go South on this road for about 4 miles/6.5 kilometers. You will Homestead Miami Speedway as you approach. The complex is huge you can not miss it.

When you are real close to the Speedway buildings you will see SW 336 Street, make a left turn, drive past the main entrance, you will see Homestead RC Raceway on your right and follow signs for unloading and parking.
