EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES

March 4, 2014

Dear Sportfriends,

I would like to inform you about the tire procedure for the planned 1/10th EC-A in Autet/Spain 2014.

We changed the number of mandatory sets to **8**.

Please use the official entry form (last 2 rows) and add the desired numbers of tire sets for the free practise and sent it back to me by not later than the end of May 2014.

We need the form to keep track regarding the tire ordering and distribution process.

The price for the sets (2front+2rear tires) are as follows:

8 (mandatory sets) X 7€ =56€

1 x (free practise set) x 8€ (max. possible is 20 set per driver).

This means that every driver from your federation has to pay in advance (bank data follows further down) at least the 56€ for the mandatory sets till the **10 June 2014**

This is the last date where we can place the order to the provider.

If you want/need additional practise sets please also pay these together with your mandatory sets in advance.

I Think it's obvious that not ordered and payed tires will not be available. We will keep only a small extra spare of tires for the finals and these can be paid at the track.

*It is **not** possible because of the expected high amount of money in cash the logistical complexity and the needed financial investments to pay the tires locally at the track.*

Example:

Driver Josef Dragani 8x7€ (56 € for the mandatory sets) + 10x8€ (80€ for the free practise sets)= 136€ in total.

The Bank account information:

Enrique Esteve EC-A Autet

Iban: ES8730582279721021006806

Swift: CCRIES2AXXX

Please write down exactly for which driver the payments are for (Name, Efra number, number of sets (m+fp),...) so that it is easier for the organizer to identify the payments.

Please do not hesitate to contact me in case you have further questions or need more informations.

Kind Regards,

Josef Dragani

EFRA 1:10 Track Section Chairman.
