Dear Members,

After publication of the 2014 IFMAR Electric Motors list we did receive a protest from Hobbywing about its motor missing on the list.

After triple comprobation it was found by the IFMAR Treasurer that the corresponding payment of the Homologation Fee has not arrived to the designated USD IFMAR account but to another IFMAR account in SEK currency only used to pay local due obligations in local currency, something that never had happened in the last years.

The payment did arrive the 12 of May 2014 as all can see by the bank statement below:

Account type: Affärskonto
Currency: SEK
Account responsible branch: 6591 NORRKÖPING DROTTNINGGATAN

GOVT ISSUE NO.:440301197412102713
