Fuel

Controlled fuel will be used for this event. See IFMAR rules 2014. There will be a choice of up to three brands which must be made on your entry form. Changing the fuel brand is limited and depends on availability.

Administration of Fuel:

All fuels in their necessary quantities will be brought in at the venue in 4L production cans as sold in the market (and not of a unique quality specifically formulated for the event) prior to the event, which will be administered by the Organizer. All fuels then will be repackaged into 20 smaller bottles for each brands, and grouped into 10 bottles each to be handed out for pit crews, for drivers of the heat immediately following and for refills.

Distribution of Fuel.

Drivers are given their own choice of fuels. Fuel bottles will be handed out to pit crews upon entering the pit area (where one-way traffic is enforced) and will be collected by the Organizer after the race for refilling. In case of fuel supply shortage, additional fuels may be brought in the same administration manner as described in the previous section above under IFMAR's supervision.

Sponsor by:

Tires

MATRIX will be only one controlled tire brand for all drivers on this event. See IFMAR rules 2014.

All drivers will use the same spec of Matrix AIR wheels.

Front tires will be foam shore 45.

Rear tires will be foam shore 45.

Diameters will be front 60mm and rear 62mm.

11 sets of tires will be required for the actual timed event; this includes all tires for the official 4 seeding rounds, 6 rounds of qualification and your first final. Not included, practice tires and all other finals as you advance.

Tires report:

Due the track surface have a lot of traction. Tires wear will be very less. Tires size Front 60mm and rear 62mm can be use for 1 hour without change tires.

LAP COUNTING and TRANSPONDERS

Each participant is responsible for attaching a My Laps RC4 compatible transponder to their car during the whole event, including practice.

RCM (Race Control Management) will be used for the event timing and will available to the media for live timing to the web.

Concours

There will be a Concours d'elegance for the best paint-job.

Other information

Each contestant will be allocated pit tables (approx. 60x120cms.) chairs and AC 220v (US Plug types) available. It is necessary to bring your own connectors and 12V DC power supply.

Food and Beverage

House kitchen manage by NOVOTEL (from official hotel) drink and snacks also available. There are delivery services such as Pizza, KFC, McDonald or Oishi (Japanese) available aswell.

Accommodation

The official hotel for this event will be NOVOTEL BANGNA:
