EUROPEAN FEDERATION OF RADIO OPERATED MODEL AUTOMOBILES

Dear all,

This is my first opportunity to contact with you as a new Section Chairman in 1/8 IC on road and Vice-Chairman in 1/10 IC on road. I was elected last week in the AGM in Barcelona. It's a pleasure for me to be part to the EFRA family and, of course, it will be a big challenge for me. I'm going to replace one of the most important person in 1/8 IC on road and it will be a challenging task for me. THANK YOU Sander De Graaf for all of those years in the section.

I'm very motivated to have this position and I want to work for EFRA, with the main target to have great big events around Europe. I would like to share with you my presentation that I used last week in the AGM:

I understand that is my responsibility to get good races, try to improve the entry's in EC, make good rules... but I NEED YOU. I need the feeling of the drivers, manufactures, federations and organizers to improve all things that the section needs. All of us are necessary for that issue. So, I would like to get your comments, opinions, suggestions and general feelings to make good proposals for the future. My idea is to create working groups about important issues that our section has.

I'm sure that I'll see you on one of the next events but, while this time comes, I would like to get your feedback. Now, it's time to work.

Best Regards,

Javier Garcia
