## INTERNATIONAL FEDERATION OF MODEL AUTO RACING

Dear Sport friend,

March 30<sup>th</sup>, 2016

With reference to our earlier message regarding the Fuel we also made a decision together with the organizer for the controlled tire for the IFMAR WC in Gubbio/Italy. The tire will be delivered by Hot-Race.

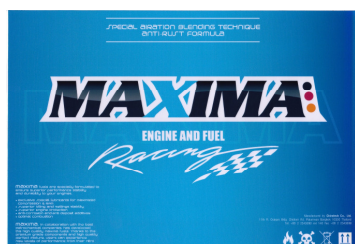

The price for a set of tires is set at 9 euro's. 11 sets are needed for the race and must be paid in advance (99 euro). Practice tires must be ordered at the entry form and paid on arrival. We will come back to you with payment details asap.

As already mentioned earlier 3 very well-known fuel manufacturers are willing to sponsor the event with their products.

L&C Racing Srl (MLC by Lamberto Collari), Maxima and Runner-time have given their support and will sponsor the controlled fuel for the race days for this event.

Fuel for the practice days will be available for the regular shop prices at the track in standard can sizes.

IFMAR want to thank these four manufacturers for their support to this event. These brands are well known for their Quality fuel and tires and have a lot of drivers that normally use these products.

As for the entrees it is important that all the bloc representatives fill in the fuel choice for their drivers on the entry sheet, so that we can inform the manufacturers about the expected number of drivers that have chosen one specific brand.

Sander de Graaf  
IFMAR IC Section Chairman.
