ABOUT: **EC 1/8 A 2016 SWEDEN TYRES PRICE**

Dear Efra and Efra members

We apologize for a miscalculation in formulating our offer for the supply of tires in this race.

We mistakenly omitted to add the VAT at the offer price.

As soon as we realized the error we communicated to EFRA and were ready to provide the same tires at the offered price as the error came from us.

Kindly EFRA noting that our price would have been the better also adding VAT has allowed to correct the offer and add the VAT .

This is why our offer changes from Euro 10.50 x set to Euro 12.60 x set.

Best Regards

Piero Torregiani
