

2017 IFMAR

World Championship 1/5 Large Scale On Road & 2017 IFMAR World Cup GT

Buenos Aires – Argentina
25 of November to 10 of December

Introduction:

We are proud to be hosting this important event, where we can apply all the experience from previous World Championships, Cordoba 2007 1/8 IC on road and Buenos Aires 2012 IC Buggy. Also we have the chance to be better hosts, correct small problems from the past that with the understanding and support of the RC racing community we could overcome.

Thanks IFMAR, FAMAR and RC drivers from all over the world for giving us this opportunity to be part of this important race and enjoy this sport that we all love.

STAGE REPORT

The AAPARTT (Asociación Argentina de Pilotos de Autos Radio Controlados de Todo Tipo) presents this as an official proposal to be considered to host the coming **2017 IFMAR 1/5 Large Scale and GT 1/8 IFMAR World Cup 2017**
