Open track days for free practice EFRA IC races 2019 (OTFP)

Dear sport friends,

From the AGM until last week, we got several requests from drivers, organizers and federations regarding the idea to make short events. We have repeatedly been asked to open the track for free practice on Monday and Tuesday before a European Championship, and to open the track on Thursday preceding of EFRA GP SERIES races. Maybe, the right idea was to shorten the length of days in the event, not necessary the number of days.

After our EFRA board meeting in Birmingham and after consultation with federations, organizers and other members involved, EFRA IC Section Chairmen, together with federations and organizers, have decided:

For the EFRA EC in Montbonnot, Türkheim and La Turbie it will be allowed to open the track on Monday and Tuesday.

For the EFRA GP SERIES season it will be allowed to open the track on Thursday.

We are sorry for the inconvenience, this decision is made because we want the best atmosphere at our races. **When and if** possible, we have to react if something does not go down in a good way.

Thanks for your time and your cooperation. If you have any doubt or question, don't hesitate to get in contact with us.

Best Regards

Javier García
