Points to Remark

- EFRA GP SERIES didn't cover our expectative. Good meetings with top drivers but, no local drivers have been attracted. No shows have been an issue.
- Tires worked good in general and some improvement from manufacturers have been done this year.
- EC-B are died with the current format. New rule for Euro A & B. New proposal with PRO CLASS & SPORT CLASS in 1/8th IC and 1/10th IC 200mm
- Proposal of new race format for EFRA GP SERIES.
- IFMAR IC Meting in Fontana decided for the next WC will be GBS bodies with less downforce together with come back to 25% of nitro with special controls to avoid NITRO.
