Zaventem 9<sup>th</sup> November 2019

Hello my Rc friends:

Another Season has gone, and I have to say that it has been an interesting one.

Next year we are going to face our 40 Absolute European Championship, that is a target, it must be the best one in our history and I am sure it is going to be one to remember.

We have had a year with ups and downs, like normal life, some days are better than others but it is unusual that we can say we have had 365 excellent days.

The start of the year, the adjustment period for entries was problematic, late requests and some "funny" figures given at the past AGM had caused some headaches. When I say "late requests" I am meaning some arriving after the 21 January, those are problematic, not impossible but problematic and when I say funny figures is when changes are too drastic, from 20 to 1 or for 1 to 20, please, don't drive me crazy. Thank you.

After that it is our handbook period and also the moment when I start to fish for Referees and for the Event Contracts signatures. At the handbook I, as the rest of the EFRA Section Chairmen must take care that all rule changes adopted at the past AGM are implemented into the book (and not taking out some of the old ones unwillingly).

The Contracts, after its preparation, are sent out for the signature of the Member Countries and the Organizers, and then are to be recalled sometimes. And for our Referees we are to confirm everyone is able to attend to help you and me, all of us.

Talking about Referees I must thank the OngaroRing crew and its helpers for the effort done to bring us Masami Hirotsuka as the National Referee. We all know what horrible year we have suffered with our Italian friends, and the complicated year they have suffered.

I did realize the lack of collaboration with Organizers and EFRA from the provisory substitute of AMSCI when I visited the IR Warm Up in May, They were scheduling an Italian event at the Track within the previous closure period without even asking permission, They were scheduling an Italian national race for Brushless exactly the same weekend of the EFRA European Championships for that precise Class, and unfortunately in my 21 days of RC racing in Italy I have never seen a representative of that supposed to be National Body. Thanks to our AMSCI friends and the active attitude in order to help all Italian and EFRA drivers we are going to have a proper member again and we can have this dark period as a bad memory one.

But let's go back to the subject, the season, after organizing everything, or better to say while organizing it, we start our season in May with 2 warmups ECB & ECA, both helping drivers and EFRA to have a better respective main events.

I want to remember you that Warm-ups are not mandatory, those are mostly a test for the organizer and EFRA to see what can be or need to be improved in order to have a good EFRA main event. If you run a well-known facility you are not forced to make it, but if our track or your crew is new into our selected club it is highly advisable to do it so.

EFRA General Secretary  
Willy Wuyts

Our first EC event of the season was the EC B in June in Silla Valencia, a well-organized event run by AECAR at a sunny place with the track centered inside an industrial zone with the advantages it had, victory went to Daniel Bernabé with his AGAMA car with young Swede Elias Johansson as runner-up.

Next we went to Sacile in July for our EC A, a good work by the Organizer with ZERO help from the “so called” national “responsibles” with 2 excellent referees like Mr. Stitson and Mr. Hirosaka and with the unexpected presence of the rain during the main final which finally bring us a new European Champion, Riccardo Berton with his KYOSHO with David Ronnefalk as the runner-up this time and young Burak Kilic from Germany as our bronze medal award winner and Junior Champion 2019.

Then some duties for me at other classes, again betrayed by the responsables non-responsibles and some summer holidays and back to duties with the ECO or Brushless EC, our volt side. The place was Barcelona City, at RACBSA in the Olympic Mountain of Montjuic, another excellent event to the Spanish standards in our Section, only missing Mr. Alfonso Pineda as a proper experienced Race Director of the Event. The victory here went to Davide Ongaro with his ASSOCIATED car with, again, David Ronnefalk as the runner-up and young Canas in third position.

Last on our Season, unfortunately not for my season, we had the lovely Over40 event at Landshut nearby Munich in Germany, an excellent and duly diligent organizer, a new track loved by every driver which for sure will give us some more exciting races in the future. Victory here went to Jon Hazlewood and his AGAMA with Stephane Deroch as runner-up and Peter Harder in third position.

During that I drove to and back from Trencin to visit the IFMAR World Championships 1/10<sup>th</sup> Buggy checking by the way the venue for our Brushless EC 2020. After that short trip it was the time for proposals and also the time for the IFMAR AGM, there EFRA presented a bunch of proposals, some succeed some not, that is democracy, the most highlighted one for our racing friends is the possibility of IFMAR World Champs at the Over40 scene, first event to be held 2021 and candidates to host it to be presented early 2020.

Then back home and to prepare myself for this EFRA AGM, my speech and our decisions.

Thanks to all our EC event organizers, all have been done at the best for every organizer, so that I recommend the floor of our AGM to grant no retentions to all of our 2019 Organizers.

Yours in the sport

EFRA Section Chairman 1/8 Off Road Buggy
