FEBARC, RCCM BeEight Racing and the city of Cianorte City would like to welcome to all participants of the 2020 IFMAR 1/8 OFF ROAD WORLD CHAMPIONSHIP.

FEBARC, RCCM BeEight Racing and the city of Cianorte City would like to welcome to all participants of the 2020 IFMAR 1/8 OFF ROAD WORLD CHAMPIONSHIP.

The RCCM BEEIGHT RACING track locate in Cianorte City, Paraná State, South of Brazil. The region of Cianorte City as known as the clothing capital of Brazil where several clothing industries are present, the region is also an agriculture land of soybeans and sugar cane.

We have a commitment with the best ensure to all have an enjoyable time in our track and our city.

Enjoy a great tour in Iguazu Falls, 370km from Cianorte.

<https://iguazuargentina.com/en/index>

The BeEight Track is located in the background Beeight Industry the track is absolutely incredible, composed of mixed surfaces and dimensions suitable for the accomplishment of the event.

We will work together to make the first off road world championship in Brazil unforgettable. The track is perfect for the Worlds, with 360 meters extension and mixed texture of soil and concrete

Track Location

RCCM Beeight Racing is located 73,9 75 km drive from the Maringá Airport (MGF). Maringa Airport has daily flights from São Paulo Cumbica International Airport (GRU) and Campinas Viracopos International Airport (VCP). For both airport on hour flight.

The Beeight track held the 2018 Brazilian Off Road Nats Championship with 110 Drivers, including the Invited U.S. driver Adam Drake.

2020 Track Layout

For 2020 IFMAR Worlds we will rebuild the track.

All the facilities will be available at the track for the Worlds, we did a previous layout below about it.

Today The track has structure to withstand comfortably 100 drivers, for the Worlds the organizer of the event will rent tents and restrooms to enlarge the structure for 230 drivers, mechanics and all staff.

All drives will access easily the food court, pit lane, restrooms and warm up areas. The Drivers also will have a Power Supply 220V energy will be supply on the all work tables. and Cleaning Area with air compressor and car wash area. all support for car maintenance like compressed air and wash area.

The Driver Stand has comfortable space for 15 drives.

The track has a full lighting system that aloud night races.

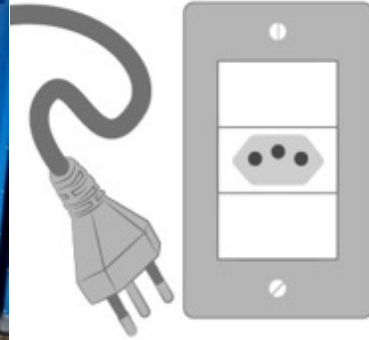

High speed internet will be available exclusive for media, live timing and live video.

RCM (Race Control Management) will be used for the event Timing. Each participant is responsible for aching a My Laps RC4 compatible transponder to their car during the whole event, including practice. The results of the championship will be available at www.febarc.org.
