5. Event format, Timetable

- The race is for GT12 cars – rules can be found at the EFRA website – www.efra.ws/rules-regulations/
- All races will be 6 minutes in length;
- The control additive is **C6400 CS High Grip Carpet (Yellow)** on a “bring your own basis”. Additive will also be available at the shop on site (Treerremodellismo). No other additive is permitted. Drivers found in breach of this directive during random checks will be disqualified from the race;
- The racing surface is CRC black carpet;
- Race timing will use My Laps system and RCM Ultimate software;
- Personal transponder is mandatory;
- The pits will have tables and chairs for each driver;
- The Technical Inspection service will begin on Friday during registration. The following items will be checked and marked:
 - a) Chassis (see list of Homologated GT12 chassis);

- b) BodysHELLs (see list of Homologated GT12 bodysHELLs);
- c) Motor (see EFRA “Brushless Motors 13.5T Spec” list and relevant specifications @ <https://www.efra.ws/homologation/>);
- d) Batteries (see EFRA “1s Stick LiPo” list @ <https://www.efra.ws/homologation/>).

In case of damage occurring on any of the items above during the race, drivers will be allowed to submit for Tech Inspection an additional spare item in substitution.

Scrutineering will take place before every heat, starting from Seeding practice on Saturday. Additionally random checks on all equipment will be conducted during the event.

- Trophies for podium placed drivers + Winnerboards for lower finals;
- Trophies for podium placed U16 drivers. The Final Ranking list for U16 drivers will be decided at the end of Qualifications.

10. Covid-19 Procedures & Self-declaration

The race will run according to a dedicated safety protocol agreed with Local Authorities. Additionally, please check regularly the following website in order to monitor travel information to Italy:

<http://www.salute.gov.it/portale/nuovocoronavirus/dettaglioContenutiNuovoCoronavirus.jsp?lingua=english&id=5412&area=nuovoCoronavirus&menu=vuoto>

Drivers are kindly requested to read the following simple requirements carefully and fully comply:

- a) Entries limited to 70 drivers;
- b) No admission to general public;
- c) The venue will be kept adequately ventilated;
- d) Separated Entry / Exit to the venue. Please follow the relevant signs;
- e) Masks must be worn at all time while inside the venue. The only exception allowed is when the driver is sitting at his own pit space;
- f) Distancing will be enforced both in the pits as well as on the rostrum. Please cooperate to make things easy and help us run a smooth event;
- g) Frequently use the disinfectant available inside the venue. It is recommended that each driver brings its own disinfectant to be kept at his pit space;
- h) A self-declaration form on Covid-19 will be dispatched via MyRCM (e-mail) to all drivers confirmed to attend shortly before the race. Please fill the form in full, sign it and hand it over during Tech Inspection on Friday. This step is required by Local as well as National Authorities for contact tracing in case of need;
- i) Please make sure to attend and follow carefully the Drivers' briefing: at this stage important information concerning race procedure will be explained. How to access the rostrum, how to leave it, where to deposit your car while marshalling, etc. Again, follow the instructions carefully and help us run a smooth event.
