

EFRA AGM 2020 – Virtual Meeting Preparations

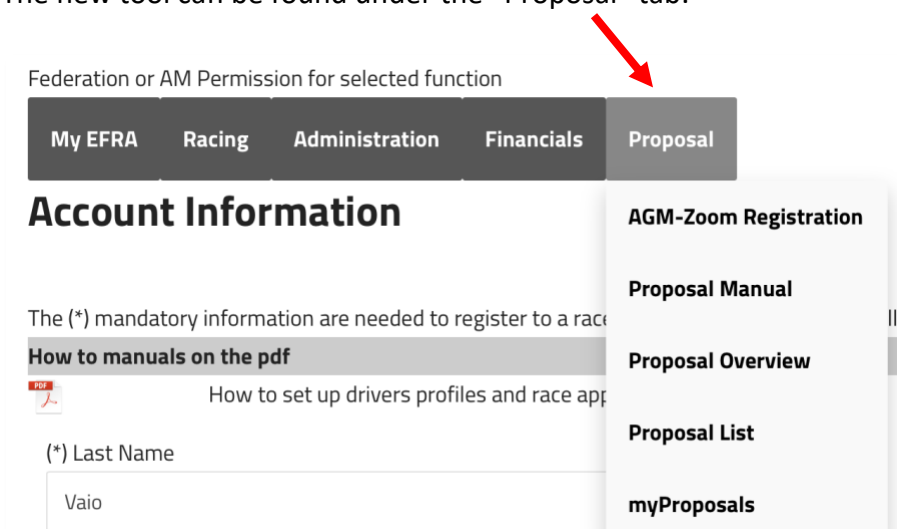

During this year the EFRA Board managed to get one meeting in before Covid 19 changed the way we work. The Board tried a couple of virtual meeting solutions and then eventually settled on Zoom as being good enough, relatively easy to install and affordable. After several months of using it for meetings, Corvid 19 planning and development meetings we're happy to use this for the AGM. Naturally this will be considerably different to a normal one and will have some restrictions, but it will allow us all to report, plan 2021 and tidy up a few things. See elsewhere for the conditions, timetables etc.

This document is to explain a new tool available on the website. The purpose of this is to make it clear to the Section Chairman who will be “attending” and possibly voting on behalf of your Federation.

Only the designated efra.ws “admin” members of your federation will be able to use this tool. This is what one with these access rights should see after logging on successfully.

The new tool can be found under the “Proposal” tab.

This will take you to the new page.
