Vila Real - Portugal

The City of Vila Real

Founded in 1272, Vila Real (which means 'Royal Town') is a thriving agricultural centre ideally situated on an upland plateau ringed with mountains. Over the centuries, Vila Real's strategic location at the juncture of the Douro Valley and Trás-os-Montes provinces in the heart of northern Portugal has helped it to play an important role in the economy of the region.

Vila Real is a city located in the north of Portugal, 100 km from Porto and 400 km from Lisbon.

The main roads to access to the city are IP4, A4 and A24

The local Aerodrome has daily direct flights to and from Lisbon, the capital of Portugal.
