## Track description:

Our track has very smooth clay with fast and technical sectors. The pitlane is under the rostrum.

### Technical data:

- Surface – clay
- Length – 333m
- Width – 4 - 5m
- Lap – 34s
- Clockwise direction

Driver's pits will be arranged by the large tents (approx. 50 seats) with tables, chairs and 230V. Directly at the race track there are a lot of parking slots. The area for camping has place caravans/campervans. It is possible to provide 230V AC power to every caravan/campervan.

There are permanent sanitary facilities including shower rooms in a separate brick building directly at the track.

On race events at our race club, we will also provide a full gastronomic service rich in variety or the whole event directly at the track.
