Bilbao 23 April 2024

Many thanks to our Member Country Federations for the duly diligence on requesting spots for the next IFMAR World Championship 1/8 IC Off Road.

RC Motorsports Europe EFRA, is proud of its members and their will, 150 spots requested!

This is way over the allocations we had at the past 2022 IFMAR Worlds, when we had 117 Europeans, so it is a request of nearly a 30 % more. Many thanks!

Being said that, the headache is coming now to my side, I have to distribute fewer spots than requested places, so I am going to make many people unhappy,

Accordingly to what I said, Spots have been distributed up to 91 places; 90 plus our World Champion title holder Davide Ongaro; so we have nearly 60 drivers on the waiting list.

Distribution criteria has been to allocate all what has been requested to countries asking for 4 or less than 4 spots, then to distribute the remaining ones among the other countries we have gone to a 50 % allocation criteria with never less than the initial allocated figure.

As I have already mentioned before I expect to finish at least at our 2022 figures or even higher, but those allocations will come later in the next months, obviously the sooner the better.

In addition to that, we also keep on working on the EFRA European Championship events of the 2024 season, We have had quite frequent communications with the respective organizers, and several preparatory meetings, either in person, via Zoom or Teams with organizers from EC B & Masters+40, trying to have everything ready for our events,

All the EC's are overbooked except the EC B, with 4 spots still open there for late enlistments.

I hope to be able to bring you more good news in the next coming months, so we can allocate all our drivers.

With my best regards

Carlos Gomez
