

2025 IFMAR 1/8 IC TRACK WORLD CHAMPIONSHIP

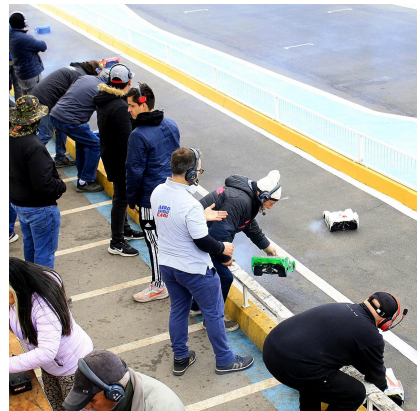

November 27- December 7 2025

**CLUB DE AEROMODELOS DE CHILE
SANTIAGO - CHILE**

STAGE 1 REPORT JUNE 2025

ABOUT THE CLUB

The Club of Aeromodelos of Chile (CACH) was founded on August 30 1949, by a group of officers and non-commissioned officers of the Chilean Air Force, along with civilians who shared a passion for scaled aircraft models. Over time, the club expanded its objectives to include other forms of dynamic modeling, incorporating helicopters, cars, gliders, and radio-controlled boats. More recently, the statutes were modified to encompass other sports, recreational activities, and hobbies in general. This led to the creation of the karting branch and the airgun shooting range

LOCATION

CACH is a private Club that is located in the suburbs of Santiago, about 31 miles / 50 kilometers north from the Arturo Merino Benítez International Airport. This airport is serviced by many airline carriers from all over the world. All major rental car companies are available from this airport

The Arturo Merino Benítez International Airport (SCL) also known as Santiago International Airport, is the main gateway to Chile and one of the busiest airports in South America. This International Airport in Santiago offers a modern and traveler-friendly experience. The airport is well-equipped with duty-free shopping, diverse dining options, and comfortable lounges, making layovers and arrivals smooth. With efficient immigration and customs procedures, visitors can quickly access public transportation, taxis, or car rentals to explore Santiago and beyond. The airport's location, just 15 km from the city center, makes it a convenient starting point for discovering Chile's stunning landscapes, from the Andes mountains to world-renowned wineries.

Santiago, the vibrant capital of Chile, is a dynamic blend of modernity and tradition, nestled against the breathtaking backdrop of the Andes Mountains. The city offers a rich cultural experience, from the historic Plaza de Armas and La Moneda Palace to the lively Bellavista neighborhood, known for its street art, nightlife, and Pablo Neruda's house, *La Chascona*.

Tourists can explore Cerro San Cristóbal for panoramic city views, enjoy world-class Chilean wines in nearby vineyards, or take a day trip to the coastal city of Valparaíso. With its diverse cuisine, bustling markets, and welcoming atmosphere, Santiago serves as the perfect gateway to Chile's mountains, deserts, and coastal wonders.

TRACK & LAYOUT

The circuit consists of four left hand and six right hand turns that are raced in a clockwise direction. The width is 16.5 to 20 feet / 5 to 6 meters wide. The straightaway length is 295 feet / 90 meters. The racing line circuit length is 1148 feet / 350 meters. The track has ample run off areas. The track record for the GT class is 21.988 by Flavio Elias from Brazil and for the 1:8 class is 18.369 by Thilo Diekmann from Germany. The track surface is made out of fine grade asphalt, very smooth and flat. It was resurfaced in October 2024. It's prepared with sugar and water and maintained daily during the events.

DIVERS STAND

The driver's stand is a covered steel structure elevated 16' / 4.8 meters from the ground. It has a length of 40' / 12.2 meters which can comfortably hold up to 12 drivers. The access is granted by a two level staircase. A secondary ramp will be added to have a better flow of the drivers entering and exiting the rostrum.

PIT SPACE

The track has covered pit space with overhead lights that can accommodate more than 120 drivers. Electricity is available for every participant. Chile's electrical grid operates at 220V. A dedicated cleaning area with multiple hoses with compressed air and cleaning body station is situated next to the pit area

FOOD/SNACKS

CACH counts with a very modern clubhouse. Here you can have a nice meal, relax with a drink or simply enjoy the sunset. An additional food stand will be situated close to the onroad track. Breakfast, Lunch, and Snacks will be served daily. You can find dedicated restrooms in the clubhouse. For your convenience, additional porta potty restrooms will be situated close to the onroad track..

TIMING and SCORING

Our Timing and scoring booth is equipped with everything needed. Multiple brand new loops have been installed to guarantee the necessary redundancy. We use the Myrcm scoring software. You can check in realtime all the information over the internet app. We also have monitors situated in the pit lane and in the paddock for your convenience.

POWER PROVISION AND SPECIFICATIONS:

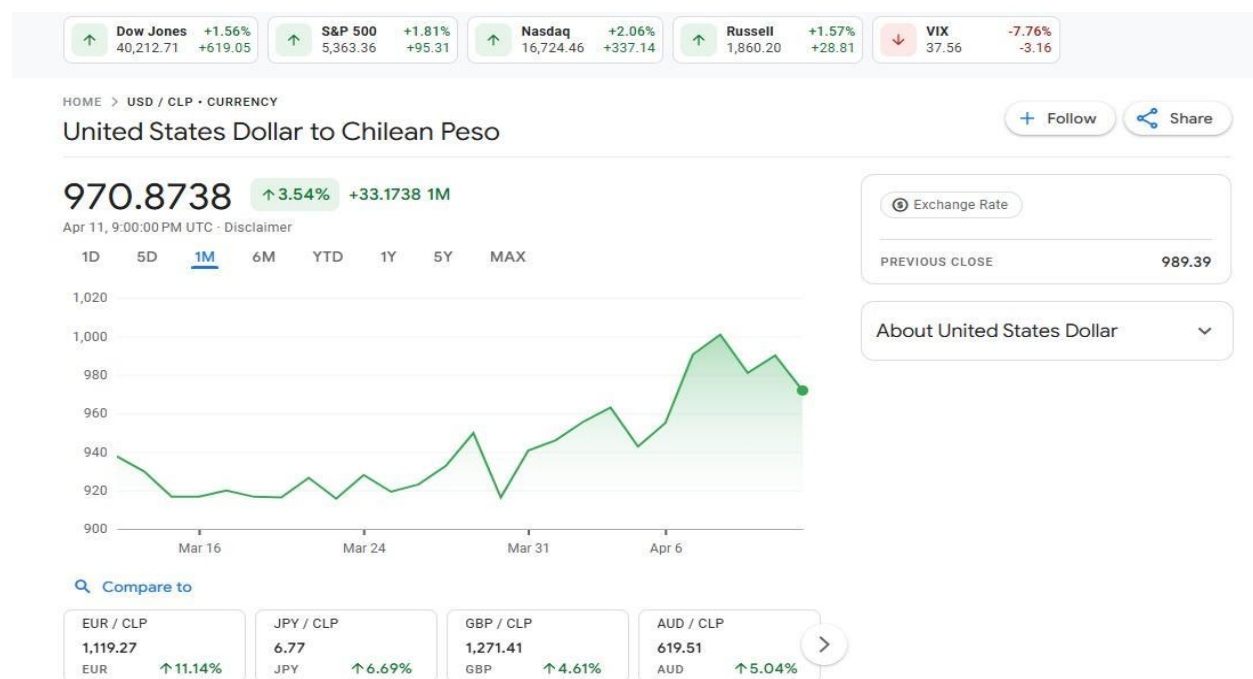

The standard electrical voltage in Chile is 220 volts (V) at a frequency of 50 Hertz (Hz). Chile uses both Type C and Type L power plugs and sockets.

CURRENCY:

The Chilean peso (CLP) is the national currency of Chile. Foreign exchange offices, or casas de cambio, are the most convenient way to exchange currency in Chile. Digital payment methods like Apple pay, Google Pay, electronics wallets as well as cards (debit and credit), are widely used.. Cash, while still used, is becoming less common, particularly in major cities.

TRANSPORTATION

Santiago offers a variety of forms of transportation. To commute to and from the track, we suggest using a car rental. Uber is an option, but can become very expensive.

Several car rental companies operate at Santiago International Airport (SCL) in Chile. Some of the most common brands include Alamo, Avis, Budget, Enterprise, Hertz, and Sixt. Other options include Chilean Rent a Car, Euro Rent-a-Car, and various smaller local companies. You can find a comprehensive list of available companies and compare prices on platforms like Booking.com, Expedia or your favorite travel site.

Major International Brands:

Alamo: Offers a wide variety of vehicle options.

Avis: Known for its extensive network and convenient service.

Budget: A budget-friendly option for travelers.

Enterprise: A large rental car company with a good reputation.

Hertz: Another major player with a diverse fleet.

Sixt: A popular European rental car company.
