Size of track: between 700-1000 square meters

The track will be on EOS carpet and possibly have other surfaces on parts of it.

White trim.

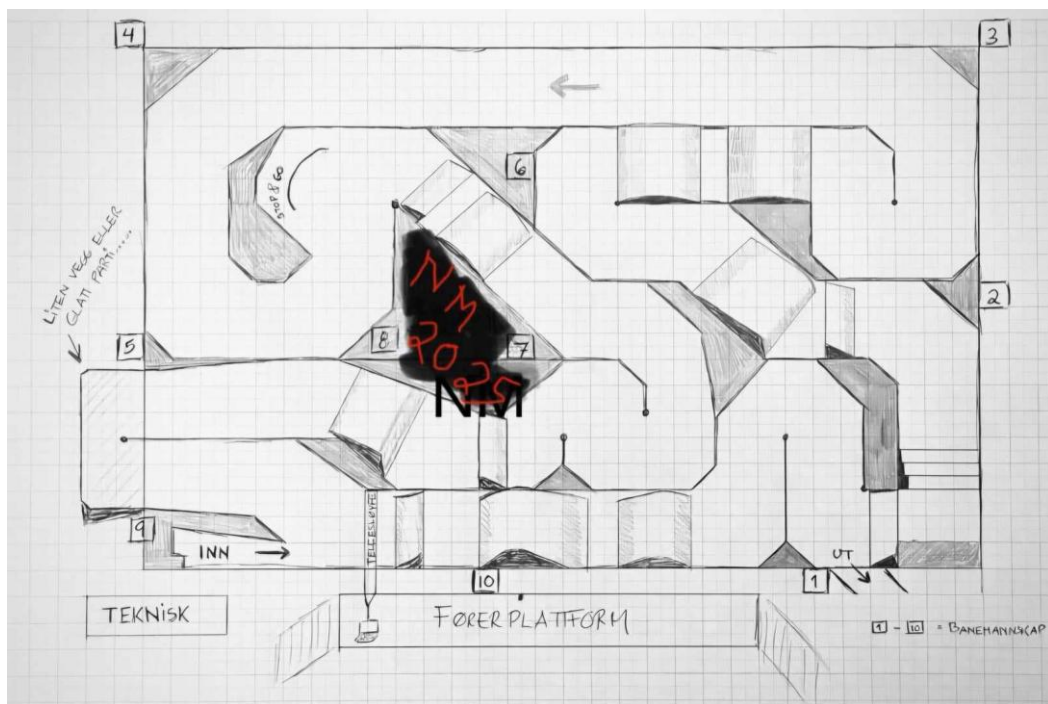

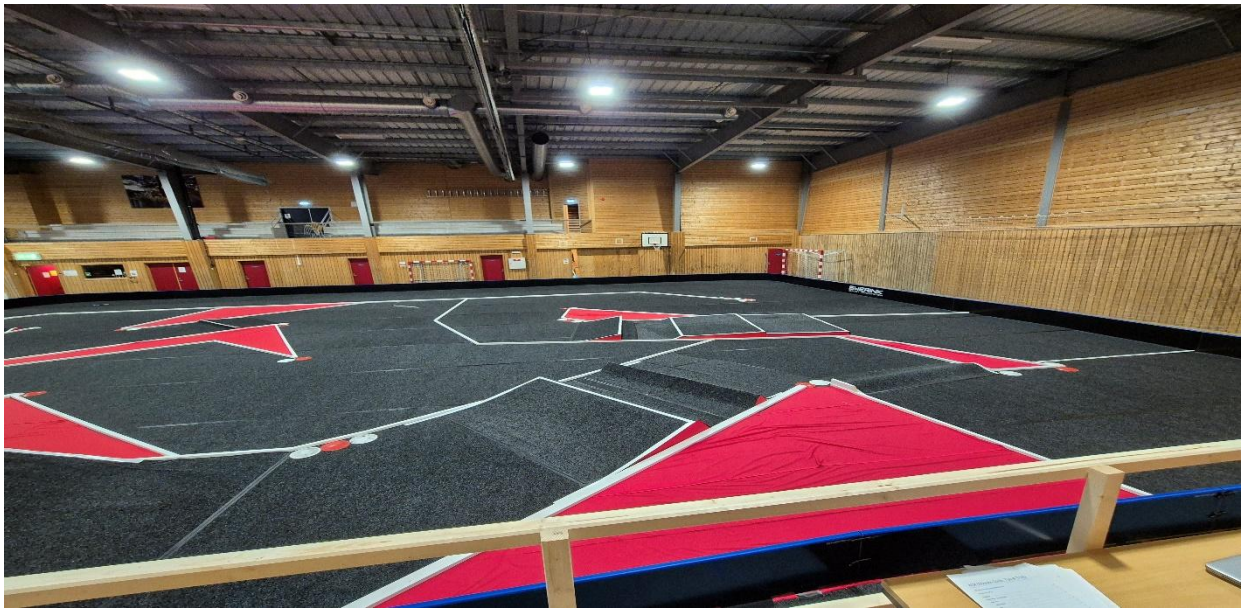

We drive with the clock.

- d) Photograph of the venue, it will be an temporary track built for the event so its not possible to have a photo of the track. But we have photograph of other smaler tracks we have made.

Haukelands Hallen, in the heart of Bergen.

The capacity of the arena is 5000 people.
It has wooden floor and is high under the ceiling.

It has sports lightning, good sound system and wifi.
The arena has more than enough power for the event.

Haukelandshallen has been used several times for European
Championship in handball.

The hall has good facilities that give us a good basis for a perfect
event.

Media will have their own space and room.

It will be a Teammanager room with all the needed equipment.

Catering/kiosk will have healthy food and good snacks. It will also
serve hot food every day.

Pit area will be in separate rooms, close to the track.
There is good daylight and good acoustics.
Places are marked and all drivers sit with their nation.
The hall has an alarm system and equipment can be left overnight.

2 pcs of MyLaps RC4 decoder with Myrcm Firmware.
