## 1. TTRC90

French historic club, it was created in September 1989. Since 2007, the track is located in a charming little village near Belfort called BERMONT.

Our volunteering-based association has about 60 determined members, thanks to whom we have managed to ensure high-quality national races since 2012, on both nitro and electric categories.

# Bermont TTRC 90

## 2. THE TRACK

- Track Length: 310m
- Track width: 4m
- Covered stands and tables
- Electricity: 220V
- Cleaning area for materials with compressed air and water
