*** Note:

For the attention of all EFRA 1/10th IC Track racers-

After very careful consideration, the Xtreme aero CZ1 1/10 200mm IC Track bodyshell (homologation number 2064) is being removed with immediate effect from the 2026 EFRA Body Homologation list.

The reason is that multiple examples of the bodyshell available for sale have been proven to not to adhere to the GBS dimensions (specifically, Dimension M). Therefore, the bodyshell will no longer be eligible for competition at EFRA sanctioned events effective immediately.
