Bilbao, 23rd July 2026

Dear Drivers,

With the EFRA 1/8 Off-Road Masters 40+ European Championship in Fehring fast approaching, I would like to remind all competitors of the controlled tyre procedure that will be in place throughout the event.

The use of controlled tyres has been successfully implemented at the Masters 40+ European Championship for the past two years and will continue again this season to ensure a fair and consistent racing environment for all competitors.

Official Race Tyre

- **T-PRO Sniper T3**
- **€35 per set**
- Supplied **pre-glued** by the manufacturer using identical rims and inserts.
- Tyres will be collected at the track.

Tyre Allocation

- A **minimum purchase of 3 marked sets** is required to participate.
- Drivers may pre-order a maximum of **4 marked sets**.
- An additional marked set will be allocated for each bump-up, including exhibition finals.
- During **Friday practice**, competitors may use any tyres they wish.

To ensure your tyres are ready for collection at the event, **all drivers are requested to complete the pre-order form provided by the organiser:**

<https://wmw-fehring.at/ec-18-off-road-buggy-40-plus-fehring-austria/>

Race officials will monitor tyre usage throughout the event, and only tyres purchased through the official event process may be used during the race meeting. **No modifications to the tyres are permitted, and the use of any tyre additive or treatment is strictly prohibited. Any competitor found modifying tyres or using additives will be excluded from the event.**

Thank you for your cooperation. We look forward to welcoming you to Fehring and wish everyone safe travels and an enjoyable European Championship.

Kindly,

Carlos Gomez
